7.3.5 Special Examination Arrangement

- The University aims to ensure that all students receive equal opportunity to demonstrate the achievement of learning outcomes in examinations. The Examination and Records Unit will make alternative examination arrangements for individual disabled students and students with special needs, in the Final Examination.
- Students are advised to ensure that the University is aware of his or her disability by informing the Faculty so that all aspects of support, including arrangements for any variation in examination conditions, can be considered. Students need to provide acceptable evidence of disability and special needs.
- Specific arrangements should be identified at the beginning of the programme. However, there may be some changes in the effect of a disability, such as; a student may acquire a disability after they have begun their studies. Thus, from time to time, alternative arrangements may need to be made for students with temporary disabilities or sudden illnesses.
- All recommendations or requests for alternative examination arrangements must be supported by **Application Form**, which must be submitted to the Faculty at least a month before the Final Examination. The faculty will notify Examination and Records Unit the alternative arrangements that need to be provided to student as per approved by Senate. If for any reason the **Application Form** has not been completed such as in the case of a temporary disability, students should contact the Examination and Records Unit to present the necessary documentary evidence and to make appropriate arrangements.
- The following are examples of common arrangements which are available for students with special needs:-
 - i) **Examination paper formats**

Fonts can be enlarged or examination paper to be produced on coloured paper as appropriate.
 - ii) **Additional Time allowances**

The extent of additional time allowance depends on the needs of the individual student and recommendations from the medical officer/specialist. In general the minimum additional time allowed would be 30 minutes per hour.
 - iii) **The use of specific personnel**

Reader

Students who have reading or print disability or students who prefer auditory information may require a reader. Additional time can be allowed due to the extra demands involved. A student using a reader will also be allocated a separate room.

Amanuensis or scribe

Disabled students who require an alternative format to handwriting/typing may require a scribe. Faculty will nominate the scribe. Students can request the opportunity to practice with the scribe before an examination and should contact the Examination and Records Unit to arrange this. Additional time will be allocated for examinations dictated to a scribe and a separate room will also be provided.

Personal Assistant

A personal assistant may accompany some students. Arrangements can be made for such an assistant to sit in close proximity to the student and invigilators would be informed of the role of the personal assistant by the Examination and Records Unit.

iv) Assistive technology

Specific equipment may need to be available to the student in an examination. Such arrangements often include the use of personal computers and word processors. Where assistive technology is required then arrangements would be made in consultation with the Examination and Records Unit and Network and Technology Unit.

- The student will be given a designated examination venue and should arrive there approximately 15 minutes prior to the commencement of the examination. Invigilator will take the papers from the Examination and Records Unit and bring them directly to the room concerned.
- A notification letter / email to the student, outlining the modifications and/or adjustments made on his/her behalf, will be sent from the Examination and Records Unit approximately one week before the given examination period. Student who does not receive his/her letter/email message 3 days prior to the commencement of the examinations period should contact the Examination and Records Unit.

7.3.6 Disciplinary Action

- Any act of cheating or attempt to cheat, or any act of copying or attempt to copy in any examination, or any act to cause or attempt to cause leakage of examination questions or part thereof is a serious offence.
- The disciplinary action that can be taken against any such offender is that stated under Section 53 of the MMU Students' Discipline Rule (Rule No: 4). The maximum penalty that can be imposed on candidates found guilty of this offence is dismissal from MMU.
- The procedure on how the disciplinary action can be taken is that as stated in the MMU Students' Discipline Rule.

7.9 Implementation of Programme Standard for IT and Computing

The MQA has circulated the Programme Standard for IT and Computing to all IPTs to be implemented. Therefore, MMU in the Senate Meeting no. 181 on 5 November 2015 has agreed to implement this programme standard starting from Trimester 1, 2016/2017 to:

- a. all Information Technology and Computing programmes at FCI, FIST and CDP, and
- b. all students from FCI, FIST and CDP regardless of intake.

Through this programme standard, students are required to pass the Formative (coursework) and Summative (Final Exam) assessment in order to pass the subject. Below is the breakdown for the passing marks.

- a. 50% passing marks for formative (coursework) assessment,
- b. 40% passing marks for summative (final exam) assessment, and
- c. 50% passing marks for the total of the assessment (overall).

The following are the scenarios of the results.

1. If Students fail their Formative Assessment.

- a. Students who fail their formative assessment are required to sit for Final Examination since they still have to be assessed for the summative assessment. Students who do not attend the Final Examination without any reason will be given "U" grade.
- b. Students who fail their formative assessment will still fail the examination although they pass their summative assessment and their accumulated marks (overall mark) are 50% or above. The students will obtain the grade of C- #.
- c. Students who fail their formative assessment are not eligible to sit for the Supplementary Examination.

2. If Students passed their Formative Assessment.

Students who pass their formative assessment are eligible to sit for Supplementary Examination even if they fail to achieve the passing marks of 40% for the summative assessment provided that their accumulated marks (overall marks) are 40% or above.

3. If Student passed both Formative and Summative Assessment.

Students who pass their formative and summative assessment, but their accumulated marks (overall marks) are within 40% to 49%, are eligible to sit for Supplementary Examination.

Sample situations:

	Coursework (Formative Assessment)	Final Examination (Summative Assessment)	Overall Mark	Final Grade / Remark
STUDENT A	F	P	≥ 50 (PASS)	C-# = Grade point : 1.67
STUDENT B	P	F	≥ 50 (PASS)	Grade will be changed to C-*. Student will be granted Supplementary Exam
STUDENT C	F	P	≥ 40	F# No Supplementary Exam is granted

STUDENT D	P	F	≥ 40	Student will be granted Supplementary Exam
STUDENT E	P	F	≤ 40	No Supplementary Exam is granted

F = Fail

P = Pass

Note : C- # and F# are new proposed grades to facilitate this assessment.

SUPPLEMENTARY EXAMINATION GUIDELINES [FOR FORMATIVE AND SUMMATIVE ASSESSMENT ONLY]

1. Students who do not attend the Final Examination but have provided reasons for their absence will be given "F#" grade instead of "I" grade.

Sample situation:

Student	Coursework (Formative Assessment)	Final Examination	BOE's Recommendation	Remark
STUDENT A	F or P	Absent (with no reason)	U	No Supplementary Exam [Student will be charged 100% of tuition fees when he/she repeats the subject]
STUDENT B	F	Absent (with reason submitted)	F#	No. Supplementary Exam. [Student will be charged 50% of tuition fees when he/she repeats the subject]
STUDENT C	P	Absent (with reason submitted)	I	Student will be granted Supplementary Exam Supplementary Exam Fee: RM50 <u>Possible grade:</u> "U" Grade [students pay 100% of tuition fees when he/she repeats the subject] "I" Grade [students are able to sit for Final Exam in the Trimester in which the subject is offered again]

				Fail Grade (C-, D, D+ or F) [students pay 50% of tuition fees when he/she repeats the subject] Passing Grade (C- A)
--	--	--	--	---

F = Fail Formative

P = Pass Formative

7.10 Calculation of Result

Grade means the final grade of a course for a trimester based on the total scores awarded for coursework and end-of-trimester examination.

Every single grade will carry points.

Grade Points are computed by multiplying the number of credit hours per course by the Grade Points of the letter grade earned.

7.10.3 Grade Point Average (GPA)

GPA is the average grade point of a student for a particular trimester computed by dividing the Total Grade Points by the Total Credit Hours.

$$\text{GPA} = \frac{\text{Total Grade Points}}{\text{Total Credit Hours}}$$

7.10.4 Cumulative Grade Point Average (CGPA)

CGPA is the average cumulative point equivalent of a student from the beginning of trimester computed by dividing the Cumulative Total Grade Points by the Cumulative Total Credit Hours.

$$\text{CGPA} = \frac{\text{Cumulative Total Grade Points}}{\text{Cumulative Total Credit Hours}}$$
