

FOUNDATION IN CREATIVE MULTIMEDIA (R2/010/3/0158) 12/23 (A9392)

The role of this one-year Foundation Programme (Pre-University/Alpha) is to provide suitable ground and basic skills in analogue (sketching, drawing, painting) and digital, basic computer graphics application and media production technique. Design Theories and application of Critical Thinking methods occur throughout the three trimesters in all of the subjects, including Design, Drawing, Photography, Computer Graphics, Humanities and English. Elements and Principles of Design are emphasised in the 2D, 3D and 4D design projects.
